Opening and closing Balances.

The Budget year 1101 is expected to open with a cash balance of Rs. 14,58,600 and close with a cash balance of Rs. 9,97,200. At the end of 1101 the State's accumulated savings, after providing for all existing liabilities, will be Rs. 32,78,152.

Conclusion.

I am afraid I have taxed the patience of the members by the long narration of facts and figures and I hasten to come to the end of my story. To sum up, we anticipate in the coming year a revenue of Rs 70,60,300 and an expenditure of Rs. 71, 98, 300 thus causing a deficit of Rs. 1,38,000 and reducing the net surplus of Rs. 34,16,152 expected at the end of 1100 to Rs. 32,78,152 at the end of 1101.

I may be permitted to say a word more in conclusion. This being the first budget placed before the Council, it had to be prepared on new lines and with the short time at my disposal I have tried to be as clear as possible. If, however, there are points that are still obscure, I hold myself at the disposal of any member who would like to have the figures explained.
